LED Handheld Magnifier 10X (40 Diopter)

Description

Allows easy inspection of fine pitch surface mount and through hole printed circuit boards (PCBs).

Specifications

10X magnification power
40 diopter
25mm (1") focal length
21mm (0.8") diameter lens

Inspection Range

10X magnification can be used for IPC-A-610 inspection of circuit card land widths down to 0.25mm.

Power Requirements

Requires 3 AAA batteries, not included.
